

interactiveSQUASH

interactiveSQUASH transforms the traditional squash court into an interactive platform.
All you need is you regular racket and ball, no additional equipment is required.
Select a game or training module by placing your hand on the front wall!

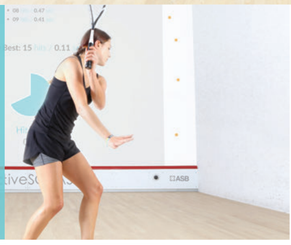

01 | PLAY 02 | TRAIN 03 | COMPETE

Choose from a selection of over **25 games** and **training modules.**
Here are some examples of what we offer.

DRIVE

Improve your accuracy and shot speed.

DARTS

A fan favourite, darts brings the classic game to the squash world.

AREA FOCUS

The front wall identifies specific targets in order to improve the accuracy of shots

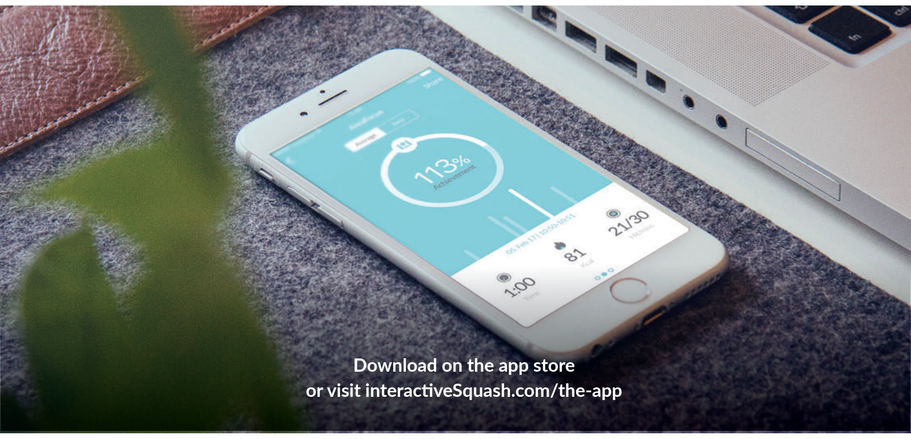

SQUASH INVADERS

Don't let the alien invaders destroy your buildings.

The interactiveSQUASH app unlocks the best features of the system. Control the court, track your personal statistics, compete worldwide, and get the latest news and updates.

Download on the app store
or visit interactiveSquash.com/the-app

TRACK Scores | **CALORIES** Burnt | **HIT/MISS** Ratio | **TIME** Taken
