CONTROL THE COURT

Users can control the court via there app, as long as you have booked a session with the court.

The interactiveSquash app allows you to choose from 2 modes of activities these include.

GAMES

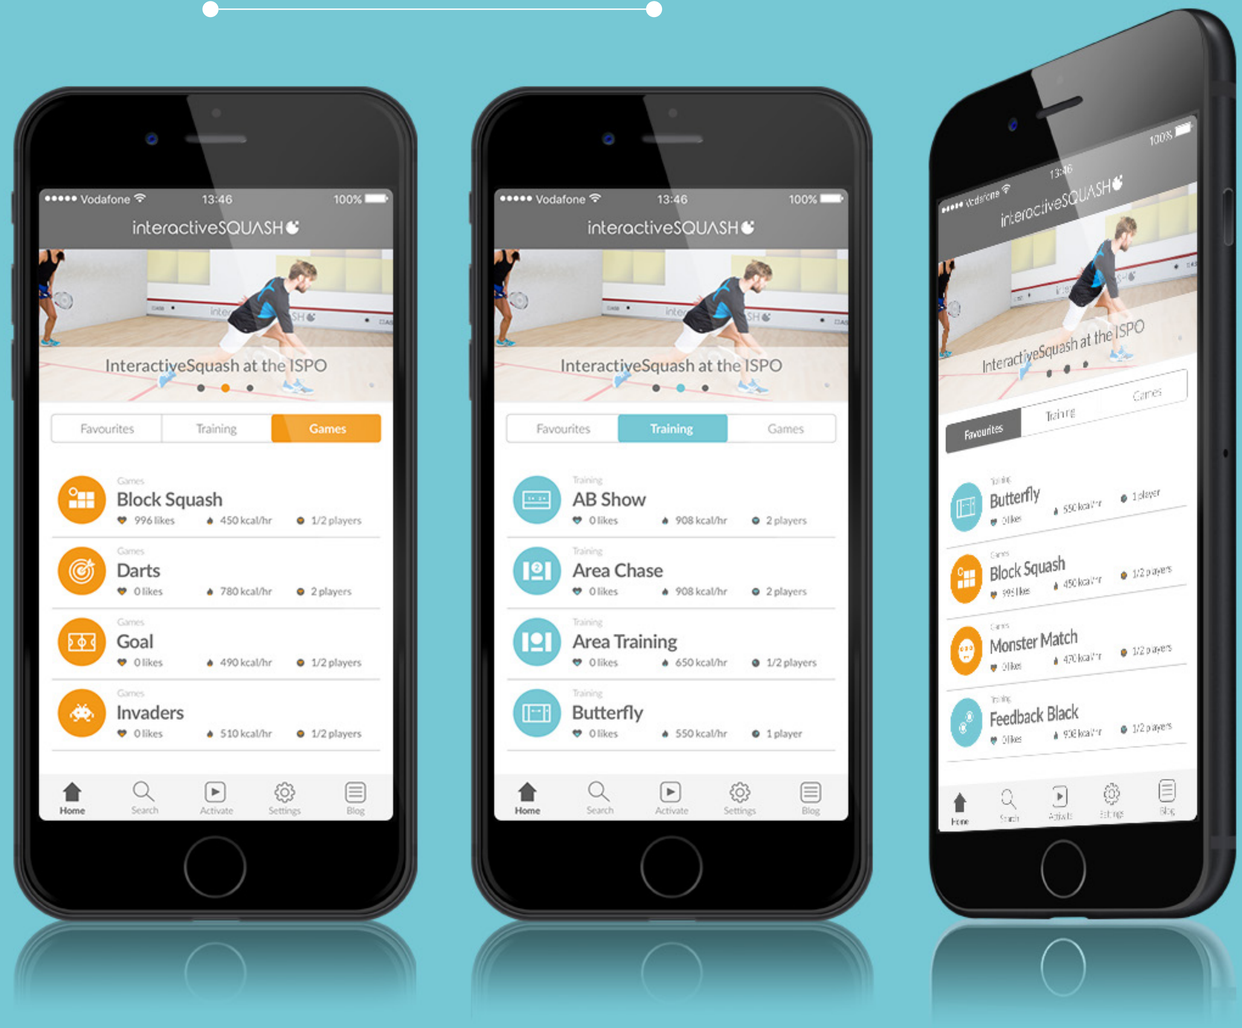

10 exciting games

TRAINING

8 training modules

If thats not enough then the user can see live on there app there current progress in certain games. And at the end of the game we take the general average and give you an overall achievement.

TRACK YOUR STATISTICS

BROWSE OUR PLATFORM — CHECK YOUR STATS — COMPETE WITH OTHERS

InteractiveSquash will allow you to track your statistics whenever and wherever you want. The app will record every game or training module you participate in and will give you instant feedback upon completion.

Every game has an introduction, a video for you to see the game in action and what main statistics are related to your game play.

Each game or training module has a unique achievement, the higher the standards of your competition is the more brutal and relative your achievement will be.

There are 4 main scores that we are able to track

Time taken — **Hit/miss ratio** — **Kcal scored** — **Total score**

Along with these exciting game stats, users can check the individual online leaderboard for each game to see how they are progressing both individually and who is leading the world!

SHARE WITH OTHERS

Upon completion of a certain game, users can send there data to the world of social media.

Users can post to instagram/facebook/twitter and even send it to there email, and check to see how they have competed with there friends.

Individual and Overall Leaderboards

Competitive Achievement

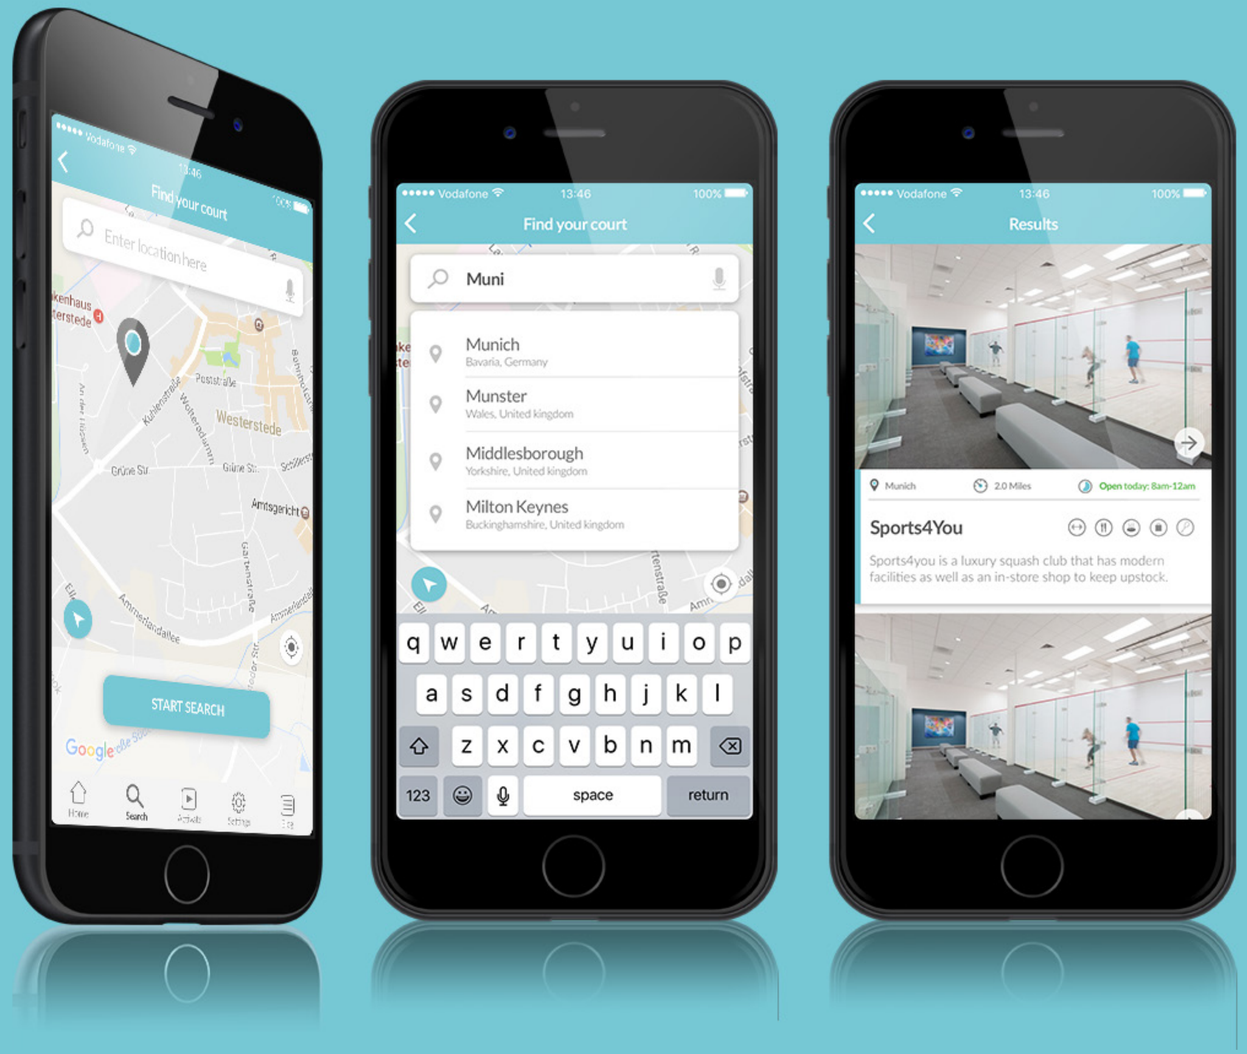

Share on any Patform

The data is stored in the users profile, so they can always reach out to whichever statistic that they want to see.

END OF SESSION STATS — **LIVE LEADERBOARD** — **SHARE TO THE WORLD**
